WE LOVE FOOTBALL

Football is the most popular game in the world. Place can not be found in the world where it is not played.

Eusebio: "Anyone can play whether you are poor or rich. All you need is space and a ball"

Football players and coaches are known from colorful language. Most of the quotes in this book are hilarious.

Zlatan: "Now I'm here, I think the people in Paris will have something else to see besides the Mona Lisa"

Quotes can be also paradoxical.

Luis De Agustini: "Gaddafi's a great bloke. The media only show the bad things. I used to go round his house. His son's a super simple guy. All the Gaddafis were very down to earth"

Some of them tell about own feelings.

Mwepu Ilunga: "I did not have a reason to continue injured while those who will benefit financially were sitting on the terraces watching"

Many of the sayings are very inspiring as well.

Messi: "Talent and elegance mean nothing without rigor and precision"

I hope that these quotes will make you laugh and inspire your day.

Enjoyable moments
